New Business

Treasurer's Report –

Brenda reported that the balance of the general fund for the end of January was \$ 3,632.05 The Market Day fund is at \$744.76 and the playground account is at \$692.23.

There is concern that there is not enough money to get through the school year and additional funds are needed. The group tried to brainstorm some ideas to raise money. Kelly will check into the profit that could be made on a movie or bingo night. Brenda is going to check into doing bake sales at the parishes. Jodie will call around for brat fry locations and Sara H. will call Hobby Lobby to check out t-shirts for field day.

Storage in Friendship Hall-

The lock has been changed, and Cletus is the only one with a key.

Structure of Association-

There was some discussion about having 2 co-presidents and 2 co-vice presidents. We discussed how and why the Association was originally set up this way. Does it need to continue to have 2 co- presidents and co-vice? More discussion will follow next month.

Should there be a fundraiser coordinator and a volunteer coordinator?

Jodie also stressed the need for more clarification when functions need our assistance. Do they need Home and School to cover the costs, find volunteers, or organize the event? Gayle and Elizabeth understood.

Elizabeth asked if someone could represent H&S at the explorer club meetings to determine exactly what is needed of H&S to support them. Brenda will talk to Mikki about this.
