

Miss Rogers – Computer Expectations 2007 - 2008

- Want each student to realize the importance of showing respect for fellow students in words and actions.
- Want each student to be able to follow both written directions and oral directions for projects.
- Want each student to understand that due dates are important to follow.
- Want each student to become very familiar with the keyboard so typing speed and accuracy will continue to improve.
- Want each student to see the helpfulness of the computer for all your subject areas.
- Want each student to be aware, of the fact, that what is put out on the internet isn't proven or correct ideas all the time.
- Want each student to enjoy the computer as much as the teacher does.
