

VOLUNTEERS NEEDED FOR 2011 ~ 2012

ST. ALOYSIUS CAMPUS

Volunteering is an important link between home and school. It lets you become personally involved in the day-to-day operation of your child's school. Volunteering is essential to the success of Catholic education. Please take a moment to look over the list and consider sharing the gift of you with us. The areas listed below do not include chaperones or fundraising events – watch for communications during the school year for those opportunities. Thank you for all that you do.

Please check any activities that you are able to help out with:
