March 27, 2008

To: Parents of Students in 5th, 8th, and 11th Grades

New school immunization requirements will be in effect for next school year. Many of you may have already received this information from the school your child attends.

The Wisconsin Student Immunization Law will require:

- 1 dose of **tetanus, diphtheria and acellular pertussis vaccine (Tdap)** for students entering 6th, 9th, and 12th grades, and
- 2 doses of **varicella (chickenpox) vaccine** for students entering **Kindergarten, 6th and 12th grades** beginning in the 2008-09 school year (this coming fall).

Please contact your child's Primary Care Provider or school nurse to see if they will need either of these vaccines.

If you have insurance that covers these vaccinations please make an appointment with your Primary Care Provider to have your child vaccinated as soon as possible.

If you have no insurance or limited coverage for vaccinations, several additional immunization clinics have been scheduled by the Public Health Division to help parents obtain these vaccinations on a timely basis. **These clinics are intended only for students entering the 6th, 9th, or 12th grades next fall. Only Tdap and varicella vaccines will be offered at these times.** Other needed vaccinations are available at our regularly scheduled immunization clinic sites. Please see our clinic schedule at: www.co.outagamie.wi.us/publichealth and click on Immunization or call our office.

Parents need to contact the Public Health Division at 832-5100 to register for these clinics. A parent or guardian must accompany the child and bring a copy of their immunization record with them on one of the following dates and times:

Tuesday, April 29, 2008

4:00 to 6:00 p.m.
Seymour Municipal Bldg.
328 N. Main St.
Seymour WI

Thursday, May 22, 2008
